Western Occultism

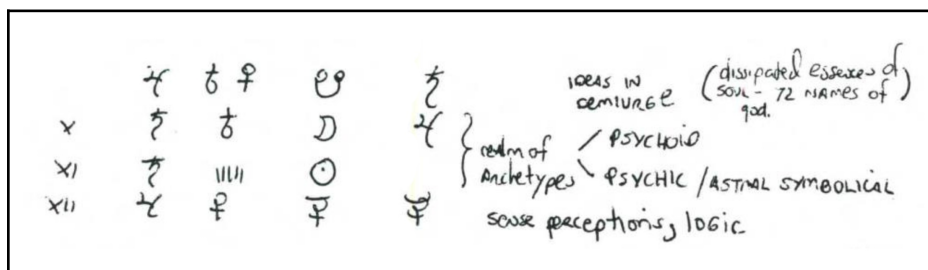

Guenon -- *Symbolism of Cross* -- macrocosmic and microcosmic [one word illegible] in Nature. [Note: Rene Guenon, *The Symbolism of the Cross*.]

"A Study of the Archetypal Ideas -- On the Influence of Kepler" in *Interpretation of Nature and the Psyche* -- Jung and Pauli -- Bollingen. [Note: W. Pauli, "The Influence of Archetypal Ideas on the Scientific Theories of Kepler" (in C.G. Jung, W. Pauli, *The Interpretation of Nature and the Psyche*).]

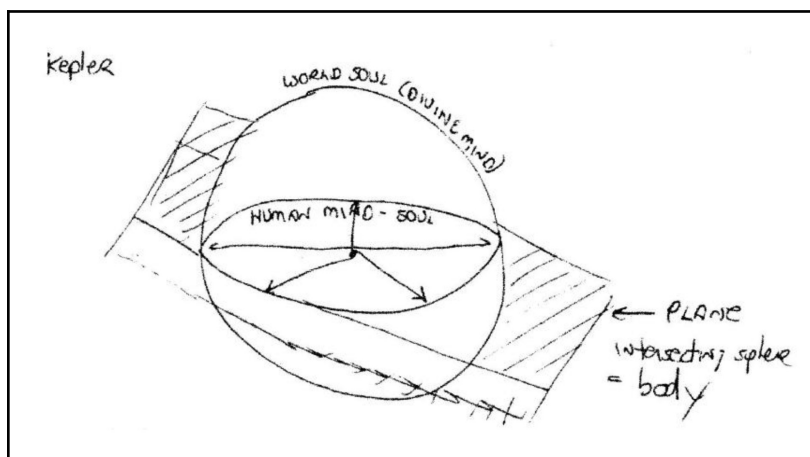

Real inner person possessing archetypal ideas reacts to the phantasm produced in the passive intellect by the external object (not directly to the object) -- c.f. -- soul reads impressions printed on the animate.

Idea in soul is not really an image but an innate idea. The archetypal innate ideas which guide the universe are derived from the cosmic gismo. This cosmic principle of order is unconscious to us (the collective unconscious).

The ideas implanted in the soul are implanted in the vehicles of the soul.
