subtle -- the functioning -- knowing willing feeling (on thinking, feeling, sensing, intuition),
contains vasanas or tropes
↗
causal -- (dreamer) -- imageless
↘
gross -- dream objects and dream subject with reflective thinking, feeling, sensing, intuition

Anthony -- suppose you look at the Uranus on the left, Neptune on the right. [Note: See also WG Class 1982 0315 Astrology; Theory.] You function with fixed values -- this represents Uranus. The extraversion in the world, there's Pluto, his obligation that he has to the world in the world. That extraverted feeling is in regard to the conjunction where there is an obligation to live a certain way in conjunction with the body. Whereas Uranus on the left would indicate that impersonal choice, that may be heading towards the unio mentalis.

Degree = the culmination of the person's journey through life -- isn't seen earlier in life.

Saturn is willing to be a certain kind of rationality in Jung's chart -- Aquarius, 1st house. [Aquarius 25, "A butterfly struggles to emerge from the chrysalis and it seems that the right wing is more perfectly formed."]

Sun, purpose of his life -- the attitude he had towards himself was very royal and kingly (intercepted in Leo, 7th house) [Leo 4, "An elderly man in evening clothes, of poised and military bearing, stands alone before a lovely mounted moose head."] and was manifest in his relationships (7th house).
