Septile -- takes form of Intellect.

Pressure of Buddhi (certitude) overshadowing psyche.

An image of truth is formed in septile -- with quality of universality and impartiality.

Uranus Neptune Pluto with septile = insight into ideas in the degree.

Septile = Truth embodied; idea expressed in indefinite relationship; not a part of 360°; an idea from some place higher.

Septile with Chaldean = congealed opinion.

12 Ideas around circle = unity of Intellectual-Principle (Being) = 360°

Exaltations = Separative Intellect (power to know Being = exaltations)

7 exaltations = relation of Knowing to Being = septile → certitude

Can only get insight into Being as particular, not in itself, i.e., precipitates *an* Idea -- a particularization of Being -- certitude accompanies the knowing of Ideas(s).

When the Intellect knows Being it must do so through this relationship.

In a kundalini experience you're finding [out] about the what.

Septile, quintile, and regular -- the way cosmos knows the World-Idea.

Trans-Saturnians = the way the individual knows the World-Idea.

[Note: AB has a question mark to the left of the two sentences above.]

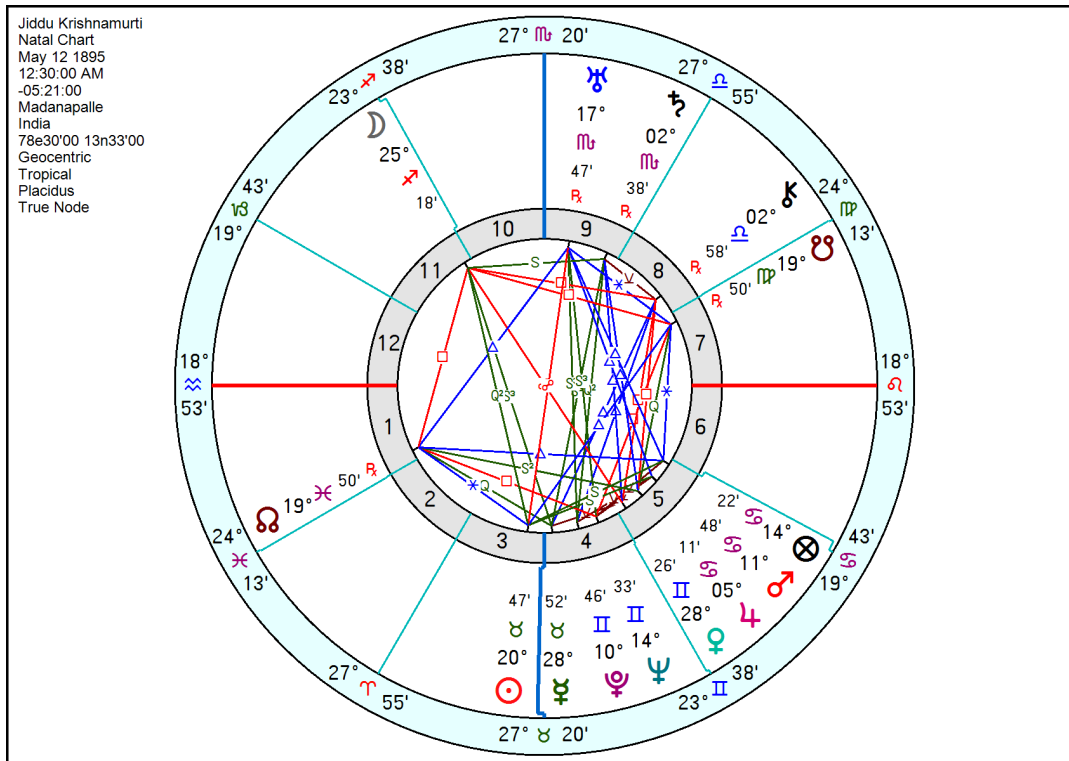

Quintile -- aspect of cosmic mind which individualizes the detached intellection (septile) it receives and translates it into the World-Idea below it (which is what the individual mind understands according to the planets.)

7 Chaldeans = power of the human soul, soul looks up or down.

3 Trans-Saturnians = triple mode of knowing.
